

Concession Stand Assignments in Benson

Here is a tentative schedule. The goal is to get all of our association members involved to learn how to open and run the concession stand while providing an opportunity to earn work hour time. It would be nice to have the concession stand open for all events. During evenings of practice it would be good to open between 5:30 and 6PM. If you are assigned a particular night please find a rink attendant to open. The rink attendant will also close and lock up. General responsibility includes selling concessions. Others things that can be done include sweeping the upstairs/downstairs warming rooms, sweeping the bleachers, cleaning the concession stand area etc.

This schedule is very flexible....it is simply a starting point. Feel free to find others to share time with you, switch etc. If you cannot work please find a replacement. Groups are mixed for assignment due to the fact that one particular group does not always practice the whole week.

Remember, you are responsible to complete your work hours or you are charged for unworked time. There are also special events or added events not on this calendar that will need to be covered. You can always sign up for them on the door of the concession stand. If you have questions contact one of the Benson board members or the head rink attendants Mike Lee or Wayne Knutson. There are many things that can be done at the rink.
